The Honorable Johnny Isakson  
United States Senate  
140 Senate Russell Office Building  
Washington, D.C. 20510

Dear Senator Isakson:

As your Georgia constituent, I urge you to support the NEW START (strategic arms reduction treaty) as it comes before the U.S. Senate for ratification.

NEW START offers Russia and the United States an important opportunity to strengthen and renew our long-standing commitment to reduce the world's nuclear threat by eliminating a modest amount of the 22,000 weapons that we maintain in our nuclear arsenals.

In a world where nuclear terrorism is possible, the United States and Russia must renew their bi-lateral agreement on START, allowing both countries greater benefits of inspections, transparency, and verification. Without START our country will be far less secure.

Please vote YES for the ratification of NEW START when it reaches the Senate floor and encourage your fellow Senators to do the same.

Thank you very much.

Sincerely,
